## Latest Google Reviews

“A gem of an office! I had my first appointment with Dr. Sandra Gerlich and hygienist Alex today. My entire experience was so pleasant, friendly and knowledgeable staff! The office is also BEAUTIFUL inside, so modern. Will recommend Hanlon Creek Dental to everyone I know. See you guys at my 6 month cleaning! :)”

“The administrative team is excellent, knowledgeable, kind, and on the ball with any task (ie. payments, scheduling, etc). The care team (ie. dentist, hygienist, lab tech) was also very knowledgeable, thorough, charismatic, and took the time to understand me and my situation. I came from having the same dentist for 30 years, and now I'm hoping to spend the next 30 here”

“Have had 3 appointments at Hanlon creek dental. I left each one happy. The staff is friendly and professional. Dr Sandra didn't rush with me. The most refreshing and truly wonderful result was that I knew I was well cared for and this practice did not take advantage of me financially. It's tricky when you need dental services that you can barely afford. That was not my experience with Hanlon Creek. Each procedure was easily affordable. I have found my dentist and I am grateful.”
